

PRESS-BRIEF

TOI 11.09.2012 - Union human resource development minister Kapil Sibal courted controversy saying that while the internet was a great medium, most children were watching pornography on it and that it was being used to spread "disaffection" among people.

Jagran 06.09.2013 - At a time when cell phones are making inroads in every annals of human life, new and interesting details are bound to emerge. According to official figures, there are more than 873 million active mobile users in the country as of now and the numbers are expected to surge in coming times.

Daily Bhaskar : A bench of Chief Justice Altamas Kabir and Justices A R Dave and Vikramjit Sen issued notice on Kamlesh Vaswani's petition saying existing laws had failed to prohibit proliferation of internet pornography and alleged that it was affecting the younger generation and resulting in increasing sexual assaults on women.

Mid Day 24.05.2012 Cops recover SMS, online invites for Juhu party.

Hindustan Times 30.06.2011 - Dhruv Shah, 21, received a message from a friend that read: 'The ghost busters are back, Aghori Tantrik will be hitting the town; get into the forest of darkness'. The invite was sent to Shah on his Blackberry phone's messenger service as well as his Facebook page. As rave party organisers rely heavily on social networking mediums to publicise their events discreetly, the government's decision to monitor such forums after the Khalapur rave may make sense, but the implementation is going to be a tough, if not impossible, task.....

Against such backdrop of events and scenario an idea was born. It was conceptualized. Nurtured and thus resulted into MobiCID. An app designed to protect and serve. Extensive role-play of different scenarios were enacted to refine and give MobiCID its final touches. This brought in the human element that forms the essence of this app.

Presenting MobiCID.

MobiCID Philosophy:

The term CID is synonymous with the words professionalism, proficiency and proactive. CID are the people who apprehend criminals, prevent crime and safeguard society. It is looked up to. Respected by public and a deterrent to criminal behaviour. Today the number of netizens far exceed those of citizens. In the cyber-world of limitless possibilities it is easy for your youngsters to stray down the wrong path, fall prey to temptation and be victimized by criminals using the internet and media as tools. Similarly employees are no far more likely to be under-performing or misguided or take advantage for personal gains or towards disgruntled and harmful activity.

MobiCID is instantly available control and diligence application which is designed for your protection and supervisory service needs. It is discreet comprehensive and infallible which inevitably leads to an improvement in the comfort zones of your life. At the touch of your screen you can determine the current and past activity of your "care factors", forewarned is forearmed and you can prevent a possible tragedy or injury whether financial or emotional.

We at MobiCID are confident of having brought forth a project which will help you stay on top of things - every time. MobiCID is an extension of your care and caution. Simply put - it is enrichment of life.

MobiCID. *Apnonke saath... hamesha !!*

MobiCID – Care. Instruct. Discover.

Teamwork

Nothing makes success without teamwork. A team of about 12 programmers worked seamlessly with its philosophers and advisors for about 18 months to get this state of art and robust monitoring system.

How MobiCID works:

Its very simple. Visit www.mobicid.com to get the app. The app is for any smartphone having Android, iPhone and Blackberry systems. Install MobiCID in the phone to be monitored and mention desired settings. It takes hardly a minute to install and set. You get an email alert on the email address mentioned at the settings and that's it. You can now monitor the phone on a specially created Web Control Panel.

What MobiCID does:

Track & Monitor nearly every mobile data point.

- Recorded Calls
- Call Logs
- WhatsApp Chats
- SMS/TXT Messages
- Photos
- GPS Location
- Videos
- Emails
- Contacts
- BBM Chats
- Web Browser Data
- Facebook Tracking
- Skype Chats
- Viber Chats
- Recorded Skype Calls
- Recorded Viber Calls

Now parents and employers are assured of better future and of improved performance.
